“ Gary M Stone

January 29, 2023 at 12:14 PM

“ Dr. Stone was one of my favorite drs. growing up. He had a way of soothing his young patients to a calmness. I was a difficult patient and he made an impression on me that has stayed with me for almost 40 years. The impression of how a dr. is supposed to treat their patients. Thank you and RIP. I wish I had known about a funeral. Condolences to the family.
Sincerely, Jennifer White

*I'm just seeing this now. Thanks for sharing your memories of my dad. .
We all miss him so much.*
