“ *When as kids we went to visit our favorite cousin's house in Garden City, Gloria & Irwin would make certain that a good time was had by all. When I was 18 and drove cross country from RI to CA with my brother and friends, we stopped in Chicago to visit them. We were so happy to see each other. Their home was beautiful and Gloria welcomed us with open arms.*

Our trips to Florida always included a visit with Gloria and Irwin and after Irwin's passing, Gloria continued that tradition. She took pride in showing us around her beautiful home. Gloria always loved when our children would visit. The little ones were her favorite visitors. Most of all, Gloria made it clear that you were welcome in her home.

Trudy and Gloria would talk on the phone almost daily to catch up with each other. I know Trudy misses their conversations and her friendship. Gloria's love was bountiful. She will be truly missed by all of us. May she rest in peace with Irwin.

*With all of our love,
Harris and Julie, and Trudy Galkin*

“ *When we went to Florida we had to go see Irwin and Gloria. Gloria would just eat my kids up. We'll miss them both.*
