“ *John has been a part of our Family, since he and my Mom, Janet, met, 4 years ago. I remember how giddy my Mom was when they first started dating. John put the sparkle back in my Mom's eyes. She used to call me, asking for dating advice! The 2 quickly became inseparable. It got to the point that if I could not reach my Mom, myself, I would text John, to see where she was and ask him to tell her to call me. I knew they were perfect for each other, for so many reasons, including the fact that they could each still reminisce about their past lives. John would talk about his Paula, and my Mom would tell John about my Dad. I am certain that Paula and my Dad were happy that they had found each, even for a short time. Our Family is deeply saddened by John's passing, and we send our heartfelt condolences to Mike, Allyson, Kim, each of your kids and all who loved him. And condolences to my Mom as she also endures this heartbreak. I pray that everyone is able to find comfort in the memories of John that will live on in our hearts.*

“ We always enjoyed being in Johns company. He was cheerful, pleasant, a fun guy always greeted me with a smile and a kiss ! We were so happy that he and Janet found each other and had such a loving, caring relationship. Unfortunately, it was cut short much too soon.
Rest in peace, John. You will be missed.

“ John's father and my father worked next door to each other on Long Island. They became good friends a long time before we got to know John. John very graciously allowed us to stay in his condo when Mike and I plus the Levy's visited Florida. We had great times at the restaurant, The Place Down Under. He was the tidiest and most organized man I've every known. We shall always miss him.

“ Mark Roth is my first cousin on his father's side and the late Paula Nestler McCoy was his first cousin on his mother's side. Nevertheless, my wife, Sue, and I knew Paula since she was a child and no sooner had we met her husband, John, we found his personality warm and delightful, and we were happy to welcome him into our expanded family and enjoyed being around him at family events over the years. Recently, for two successive years, he showed remarkable kindness and generosity to us and my cousins, Susan and Michael (from Ohio) by staying several days with Janet while allowing us to use his residence during our Florida visit. We will miss John.

“ Although, technically a cousin-in-law, John was more like a brother to me. When he married my first cousin, Paula, he adopted the entire Roth clan as his own. I have fond memories of him playing football with his new brothers just before his wedding and serving as their chauffeur to take them from their wedding venue to the hotel they would spend their first night together as husband and wife.

Although we lived almost 1,500 miles apart, we always managed to stay close with our frequent visits to Florida and their frequent trips to New York. We had so much fun together over the years. Visiting amusement parks, going to wrestling matches, Jai-Lai matches, and even camping together. There were many pinochle games and dinners together.

As my parents grew older, I was always comfortable with their living in Florida as I knew that John and Paula were looking after them as their own. By the time Paula had passed, Irene and I were living in Florida ourselves. John's love for his Paula never waned. He missed her dearly.

John has been part of my life for over 50 years. He was always fun to be around. Loving, kind, and considerate. You could always tell when he was up to mischief or about to say something funny as he would get that Irish twinkle in his eyes.

In more recent years before Covid, we spent time together working for the Poinciana Men's Club and getting together with Janet and Irene to play dominoes. We would often see each other at the clubhouse for a show or dinner. Since Covid, we have been limited to phone calls to stay in touch and look forward to the time we could resume our get togethers.

John was loved and will be missed dearly. He will not be forgotten. He loved his Paula and he loved Connie and Joe as if they were his parents. Now he can be reunited with the loves of his life.
