“ Jon was one of the few special friends I had the gift of having in life for a number of years and will miss dearly. His values with family and friends were something to admire and so rare to find these days. We worked together with three separate companies over the years and he was extremely intelligent and one of the hardest working people I've ever known. My heart goes out to all friends and family with this loss of such a beautiful person. I will miss and always remember you.
