

## Judith Proctor

April 25, 1939 - April 30, 2026

Judith “Judy” Goldman Proctor, age 87, of Delray Beach, Florida, and formerly of Andover, Massachusetts, passed away peacefully on April 30th.

Born on April 25, 1939, in Andover to the late Paul and Sylvia Goldman, Judy grew up in Massachusetts and attended Emerson University. She enjoyed a long and successful career as an interior designer, founding her own firm, Eye of the Designer. Her professional life was defined by her ability to see the beauty and potential in every space she touched.

In the latter half of her life, Judy’s creative focus turned inward as she became deeply involved in the study of Kabbalah within the Boca Raton community. This spiritual journey became a cornerstone of her life, providing her with a profound sense of purpose, wisdom, and peace. She was a dedicated student and an active participant in her spiritual circles, where she found great joy in exploring the deeper meanings of connection and faith.

Judy’s greatest legacy remains her family. She is survived by her devoted children, Stephanie (Jeffrey) Norton and Matthew (Truley) Krigman; and her beloved grandchildren, Sacha and Elijah Norton, and Asher Krigman. She is also survived by three sisters, two brothers, and a large, loving network of nieces and nephews. She was preceded in death by her husband, Jay Proctor, and her sister, Carolyn Goldman.

A service to honor Judy's life and legacy will be held at South Florida VA National Cemetery on May 5 at 10:30am, Lane# 6. Shiva will be held 1pm-4pm, Tuesday, Wednesday, and Thursday.

In lieu of flowers, the family kindly requests that donations be made in Judy's memory to The Mothers' Day Movement ([www.mothersdaymovement.org](http://www.mothersdaymovement.org)).
