“ *Phyllis was my first cousin but of a difference generation. She was a contemporary of my older sister but I do have fond memories of Phyllis. I spoke to her last year and we were able to catch up. My condolences to the whole family, the kids and my cousin Sandy. Phyllis played cards with my mother when they lived in Boca Lakes and I do recall that Glenn and his husband were very kind to my mother. We may not have been close but we were and still are family. My thoughts are with you all.*
